News Advisory

Free and Low-cost HIV Testing Available

- What:** Local health departments and community-based organizations will offer free and low-cost HIV testing during the week of June 25-29.
- Why:** Testing is offered in conjunction with National HIV Testing Day, Wednesday, June 27. NHTD is an annual campaign produced by the National Association of People with AIDS (NAPWA-US) to encourage at-risk individuals to get voluntary HIV testing and counseling.
- Who:** Utah's Local Health Departments and several community-based organizations, including the Utah AIDS Foundation, Utah Pride Center, Harm Reduction Project, and U of U Student Health Services will offer HIV testing.
- When:** June 25-29, 2007
- Where:** Please visit www.aidsinfoutah.net for more information and to find testing sites in your area.
